Reliance Industries Ltd (RIL), Larsen & Toubro Remance industries Litt (RLI.), Larsene a Toutor (L&T) and IRB Infrastructure are among a few top companies that have used an infrastructure investment trust (InVT) structure to reduce part of their debt and generate returns for investors. Earlier this month, IRB Infrastructure's InVIT was listed on the National Stock Exchange (NSE), giving its investors an option to exit by cellion their units.

InvITs are like a mutual fund, which enables InvTs are like a mutual fund, which enables direct investment of money from individual and institutional investors in Indian infrastructure projects to generate returns.

Bankers said Reliance Retail is now planning a similar InvT1 structure to hive off part of debt and logistics assets from its books.

Vodafone Idea is also looking at the option of launching an InvT1.

vocatone usea is also looking at the option of launching an ImyTr.

"An InvTF is a win-win deal for both the company and the investor. The company hives off part of its assets into the InvTF and invites investors, who get good returns as dividend. The InvTF gets guaranteed business from the company, which takes care of its cash flow," said a banker from a local firm.

India's largest telecom firm Reliance Jio was the first toset up a big-ticket InvTF when it hived off its telecom towers and fibre optic assets into InvTFs. These InvTFs received investments from Brookfield, Saudi's Public Investment Fund (PIF) and Abu Dhabi Investment Authority (ADIA).

Bankers said InvITs have become a popular tool among corporate India to reduce debt, and at the same time, have access to these assets. Cube Highways and Infrastructure (Cube), a Singapore-based company recently filed its offer document for its \$2,326-crore privately-placed InvIT. Vimal Nadar, head of research at Colliers India, said InvITs and real estate investment

# InvITs to pare debt

DEV CHATTERJEE

Reliance Industries Ltd (RIL), Larsen & Toubro Remance industries Litt (RLI.), Larsene a Toutor (L&T) and IRB Infrastructure are among a few top companies that have used an infrastructure investment trust (InVT) structure to reduce part of their debt and generate returns for investors. Earlier this month, IRB Infrastructure's InVIT was listed on the National Stock Exchange (NSE), giving its investors an option to exit by cellion their units.

InvITs are like a mutual fund, which enables InvTs are like a mutual tund, which enables direct investment of money from individual and institutional investors in Indian infrastructure projects to generate returns.

Bankers said Reliance Retail is now planning a similar InvT1 structure to hive off part of debt and logistics assets from its books.

Vodafone Idea is also looking at the option of launching an InvT1.

volatione idea is also looking at the option of launching an InwTT.

"An InvTT is a win-win deal for both the company and the investor. The company hives off part of its assets into the InvTT and invites investors, who get good returns as dividend. The InvTT gets guaranteed business from the company, which takes care of its cash flow," said a banker from a local firm.

India's largest telecom firm Reliance Jio was the first to set up a big-ticket InvTT when it hived off its telecom towers and fibre optic assets into InvTTs. These InvTIs received investments from Brookfield, Saudi's Public Investment Fund (PIF) and Abu Dhabi Investment Authority (ADIA).

(ADIA).

In July 2019, Brookfield Asset Managemet agreed to invest ₹25,215 crore in the InvTT, which boused Reliance Jio's telecom tower infrastrum.

The InvIT has a non-cancellable m ice agreement (MSA) for a period of 30 years with Reliance Jio Infocomm.

The InvIT has invested in Summit Digital Infrastructure (SDIL) and had 154,372 opera-

Later, in October 2020, PIF and ADIA invested \$3,79 crore each to buy \$1 per cent in Digital Fibre Infrastructure Trust (DFIT), an InvTT holding fibre cable assets of Reliance Jio. RIL held the rest of the stake and offered guaranteed returns to InvTT investors.

Earlier, Mukesh Ambani's personal gas pipeline company had floated an InvTT to reduce

Bankers said InvITs have become a popular tool among corporate India to reduce debt, and at the same time, have access to these assets. Cube Highways and Infrastructure (Cube), a Singapore-based company recently filed its offer document for its \$5,20-crore privately-placed InvIT. The InvIT by Cube Highways will raise \$4,800 acrore in fresh capital and the remaining \$1,423 crore will be a secondary share sale by the sonosor. sale by the sponsor.

Earlier this month, IRB InvIT, a privately

placed invit's sponsored by IRB Infrastructure, listed on the NSE. The listing came within months of the Securities and Exchange Board of India's (Sebi's) guidelines for conversion of private unlisted Invit's into listed ones were issued. According to Virendra Malskar, chairman of IRB Infrastructure Trust, in the last four years,

the project portfolio of the Trust has made good gress and reached an enterprise value of

22/000 crore.

"This development platform of IRB with investors like GIC sovereign wealth fund of Singapore will create immense value for the whole IRB group. It will provide strong growth potential, going forward," he said.

Vimal Nadar, head of research at Colliers India, said InvITs and real estate investment

trusts (REITs) are emerging as strong alternative financial instruments for retail investors.

REITs have ensured stable returns to unit-holders, with yields in the range of 6-7 per cent
